Brussels Global Law Week

Concept

From 15 to 19 May 2017, the Perelman Centre will run the third edition of the *Brussels Global Law Week*. After the New York Global Law Week (2011) and the London Global Law Summit held in February 2015, the capital of Europe has its own forum on the globalization of law. Reuniting theory and practice, the *Brussels Global Law Week* will be an annual forum open to academics, researchers, students, NGOs, legal practitioners, regulators and decision-makers to discuss issues of law & globalization. Each year, special attention will be drawn to both research in global and transnational legal theory and practical issues in specific sectors.
